

Requirements

- *Only for members of the University of Hamburg (employees / students)*
- *iOS 16.0 or newer*
- *Remove an already installed eduroam profile (if available) under **Settings** -> **General** -> **VPN and device management** -> remove "eduroam" (with minus sign)*

If you do not have a valid user ID or do not remember your password, please contact the service team at the Service Desk in the Regional Data Center (RRZ).

1

Connect your iOS / iPadOS device to the internet.

e.g. via mobile network or private wi-fi network

2

Tap on **QR Code** or scan with your Camera-App.

Tap on the **yellow** banner!
Now the profile will be loaded!

3

Tap on „**Allow**“.

4

Tap on „**Close**“.

5

Open the **settings** app.

6

Tap on „**Profile Downloaded**“
in the **main menu of the settings**.

7

Tap on „**Install**“.

8

Enter your **lock screen code**.

9

Note the info then
 tap on „Next“.

10

Tap on „Install“.

11

Tap on „Install“.

12

Enter your **Stine-ID** as shown and tap on “Next”.
 E.g.: „bax1234@uni-hamburg.de“.
Stine-ID = User-ID = Benutzerkennung

13

Enter your **stine-ID password** and tap on „Next“.

14

Tap on „Done“.

15

Open the “WI-FI” Settings.

16

Tap on **eduroam** and wait until the **blue checkmark** appears.
