

# MATLAB & Simulink for Remote Access and Online Classes

## Download your own copy of MATLAB from our MATLAB Portal:

- <https://www.mathworks.com/academia/tah-portal/universitat-hamburg-31486097.html>

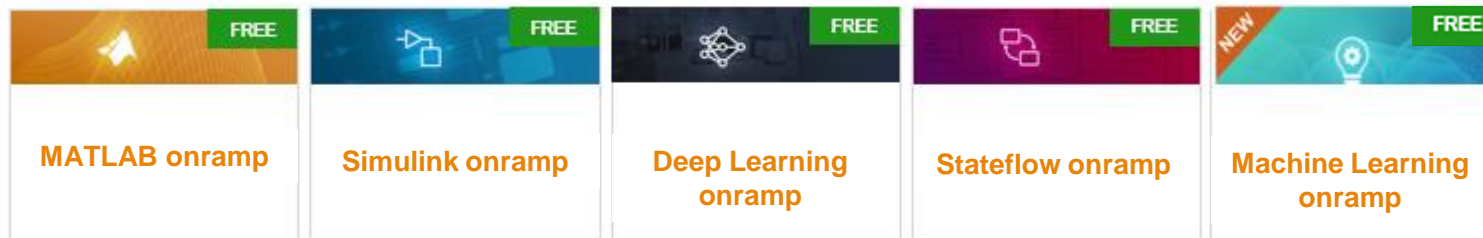

## Access MATLAB remotely

- [MATLAB Online](#) - Run MATLAB in a web browser (check [limitations](#))
- [MATLAB Mobile](#) - Use MATLAB on your iOS or Android device
- [MATLAB Drive](#) - Work with your MATLAB files from anywhere

## Learn MATLAB & Simulink online

- [MATLAB/Simulink Online Training](#) - Learn from online self-paced interactive training

5 online courses  
Average duration: 2h

## Teach with MATLAB through distance learning

- [Teaching with MATLAB](#) - Self-paced online course on MATLAB tools
- [MATLAB Live Editor](#) - Create interactive lessons in MATLAB and share them with your students (check [examples](#))
- [MATLAB Grader](#) - Create and auto-correct interactive course assignments (check [problem collections](#))
- [MATLAB Courseware](#) - Download ready-to-use course materials available for different disciplines
